

SAWO FINLAND - NORDEX SAUNA HEATER (TRENDLINE)

Manufactured to an Australian specification, the Nordex sauna heater is suitable for small to medium sized sauna rooms (3-6 persons). It has a flexible built-in control unit located below the heater which gives the choice of facing the controls left, right or centred to suit the room layout. It has a robust body and large stone capacity that can hold 18 to 22kg of Peridotite sauna stones.

FEATURES . . .
